

\$ WHERE HAS ALL THE MONEY GONE ?

In communities across the state, teachers, police and fire fighters are facing lay offs, libraries are closing or scaling back their hours, and essential services are endangered.

Federal assistance to our state is decreasing – as we face more shortfalls and as the Pentagon budget grows. On April 15, Massachusetts taxpayers will send almost \$20 billion to the Pentagon whose 2010 budget already tops \$700 billion dollars!

Do we want this?

Or this?

We can cut military spending by ending the war in Afghanistan, closing military bases overseas, and stopping contractor waste and fraud. Then, we could take good care of our veterans, and at the same time fund our schools and libraries, create jobs and meet the needs of our vulnerable citizens.

Call Senators Kerry & Brown and your Representative
(Congressional switchboard 202-224-3121)

Tell them to cut military spending and bring our war \$ home.

Join the Campaign to Fund Our Communities – Reduce Military Spending 25%,
